ALWOOD HIGH SCHOOL
WOODHULL, ILLINOIS

The yearbook staff has elected to name the 1979-1980 yearbook **IMAGES**. An image is a vivid representation, and we feel this yearbook reflects the images created by the people and events of AlWood High School.

The yearbook serves not only as a memory book but as a record of significant facts. A decade has just concluded and a new one has begun. The yearbook organizes these moments into a record of the life and times of an ending decade with a new beginning. We hope this yearbook will serve as a continuing remembrance of 1979-1980.

A special thanks goes to Brian Hall for artwork in the 1979-1980 yearbook.

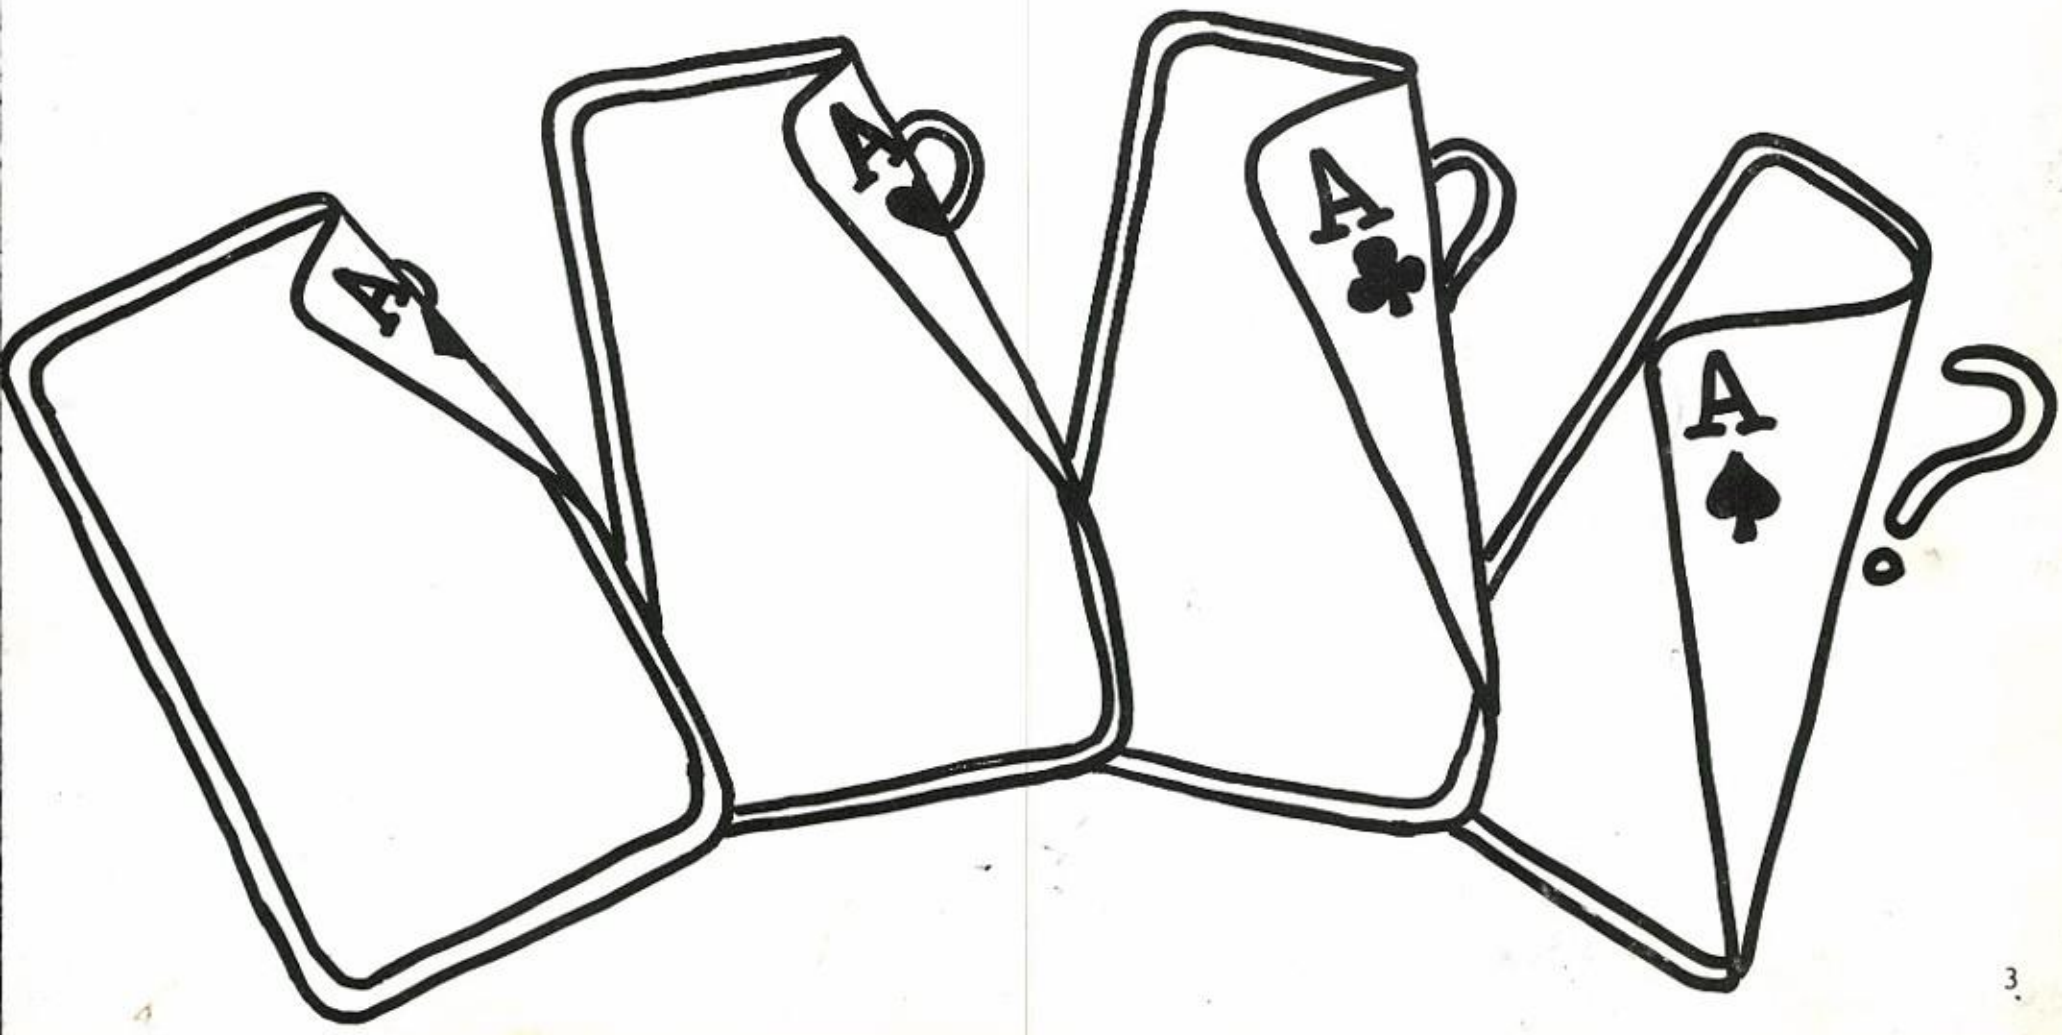
What's In The Cards For The 1980's?

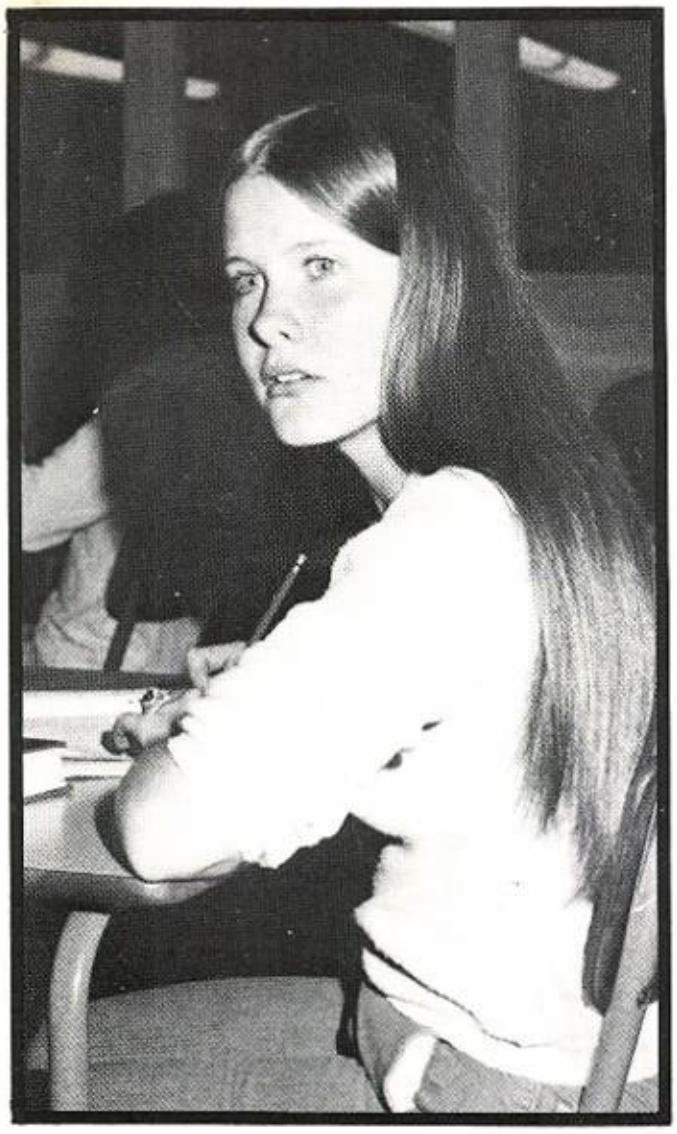
We have all lived through one decade-the 70's. It doesn't seem possible that the 70's are gone and we are into the 80's. We now ask ourselves what will the future hold for us? Only a fortune teller can really tell us, "what's in the cards for the 1980's.

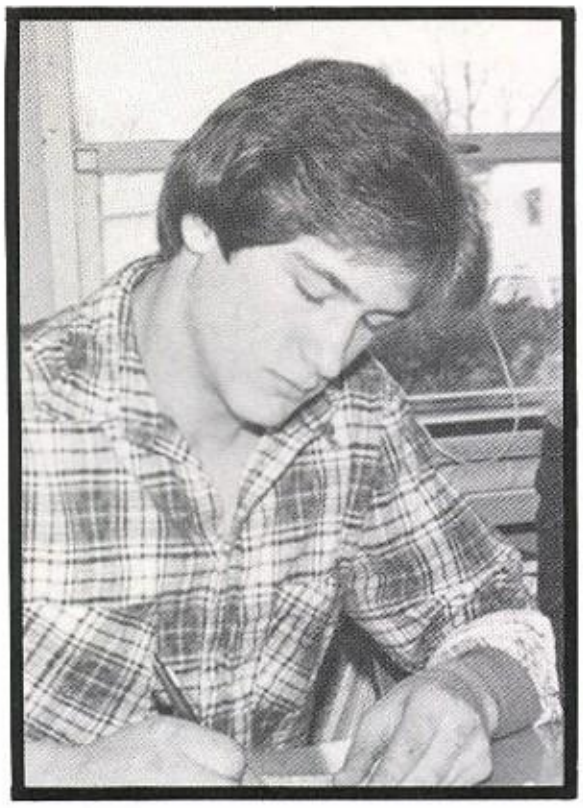
Some of the fortune tellers predict that the 1980's will bring about the fall of the United States. They say that the country will end much like the fall of the Roman Empire. Others say this nation will become stronger because of the lessons we have learned. The future seems to be as mystic as the powers of the TARO readers with the future being destined to be told by the falling of the cards.

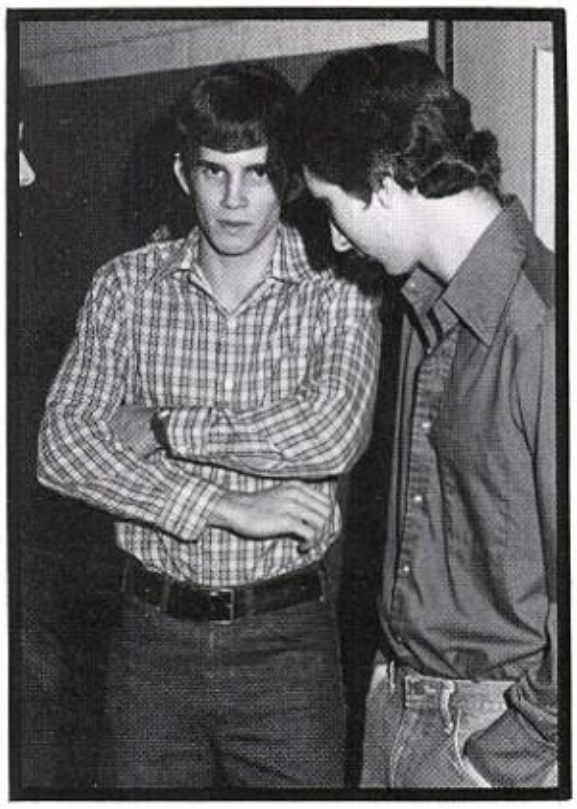
As we look back on the 1970's, we can see that many bad things happened that managed to make us grow as a society. We had the Vietnam War, Watergate, the D-C 10 Crash, Inflation, Empty gas pumps, and the Iran Crisis. On the other side of the cards, however, we find many good things that happened, the Bicentennial, The Egypt-Israel peace Treaty, Pope John Paul's visit to America, and the advancement of medical research.

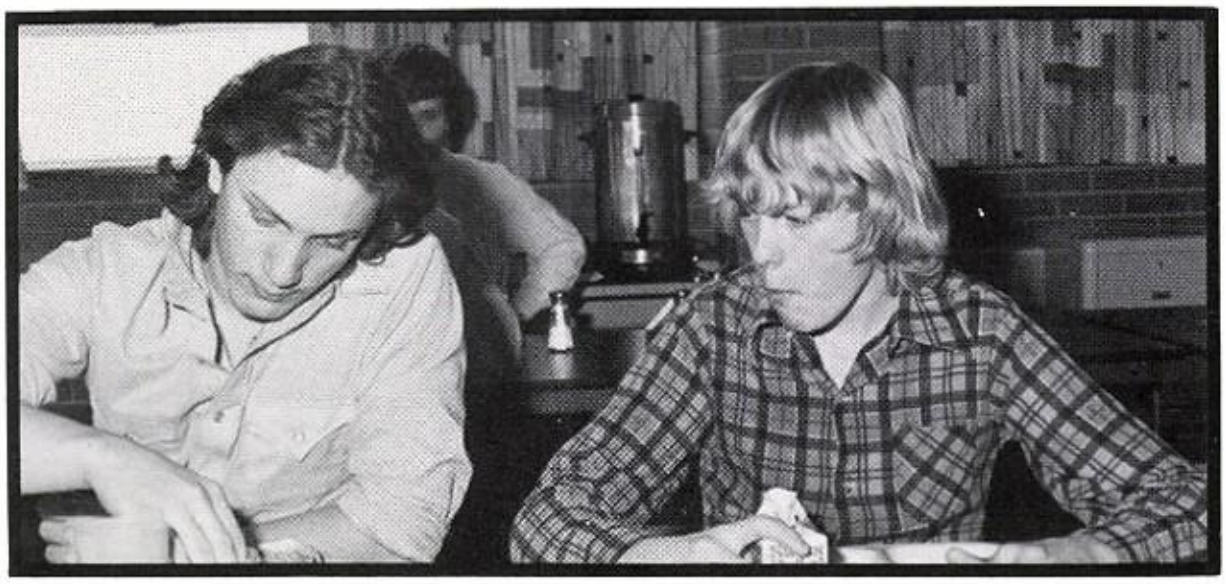
With all of these things in mind we still have hope for the future in the young people of today. They have the potential to make things happen in the right direction during the 1980's. Maybe, if we deal the cards right, we can come up with a WINNING FUTURE!

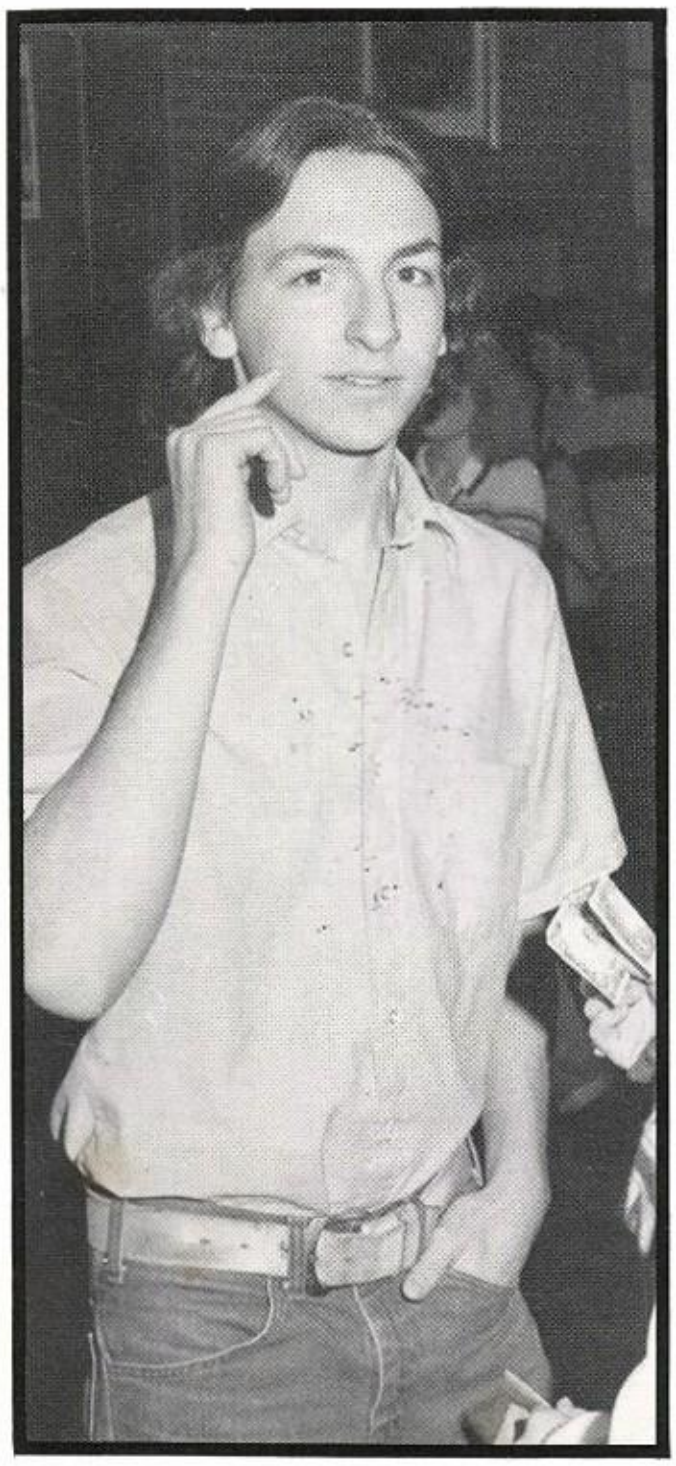


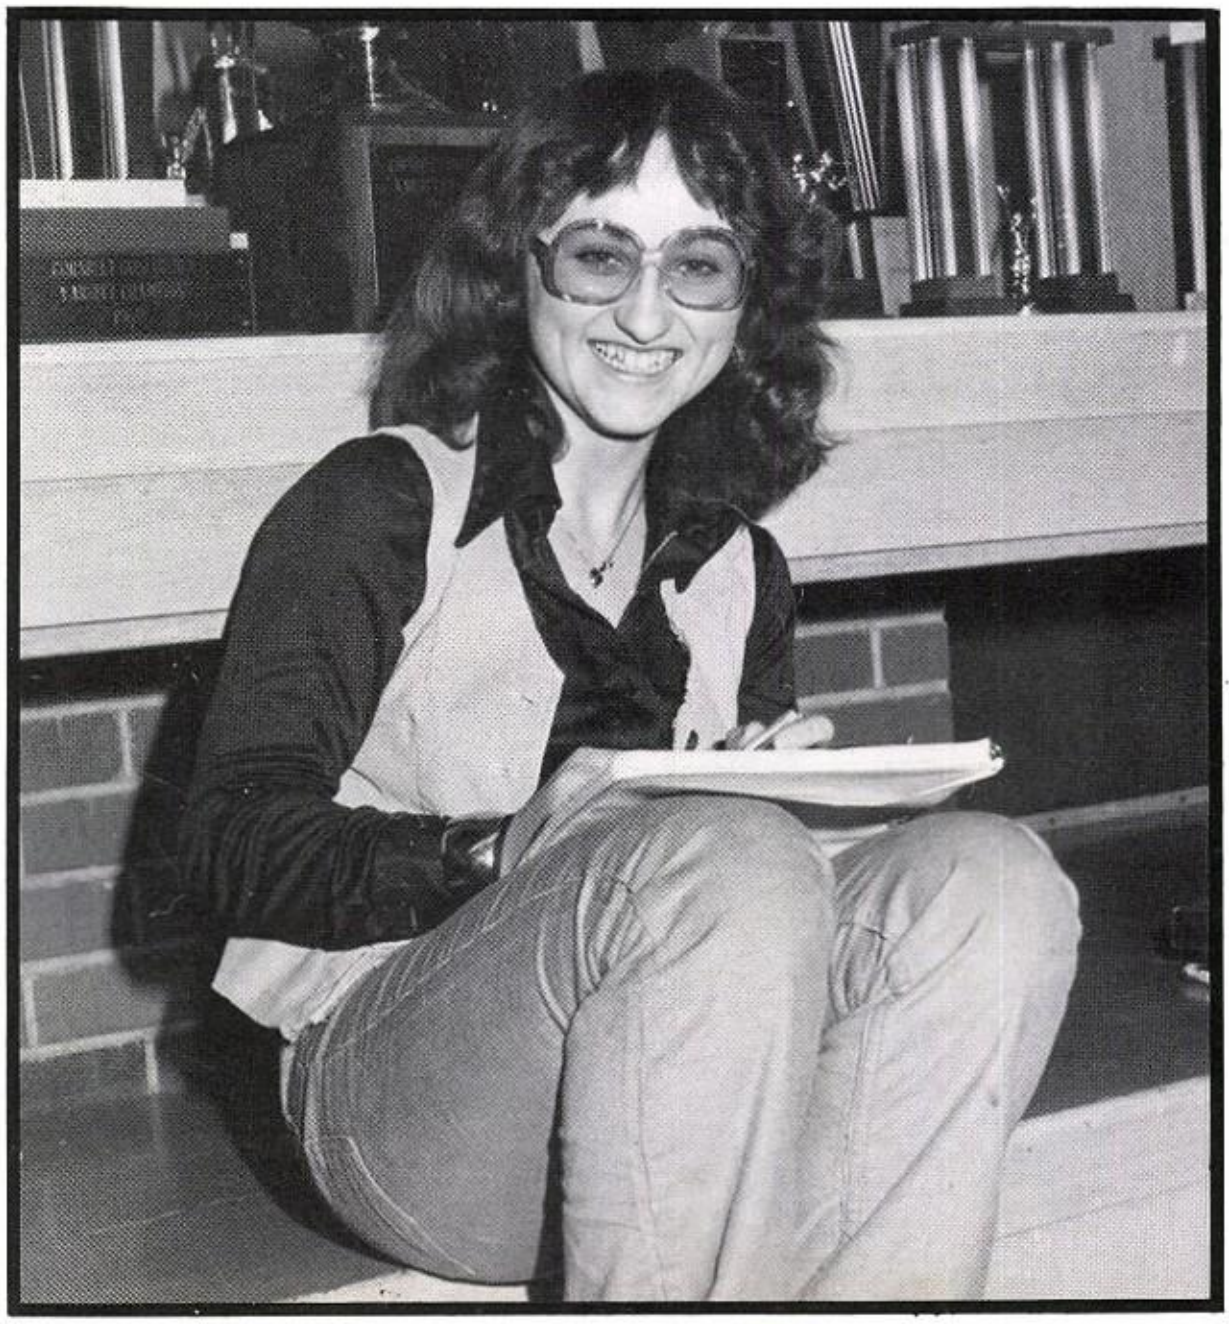


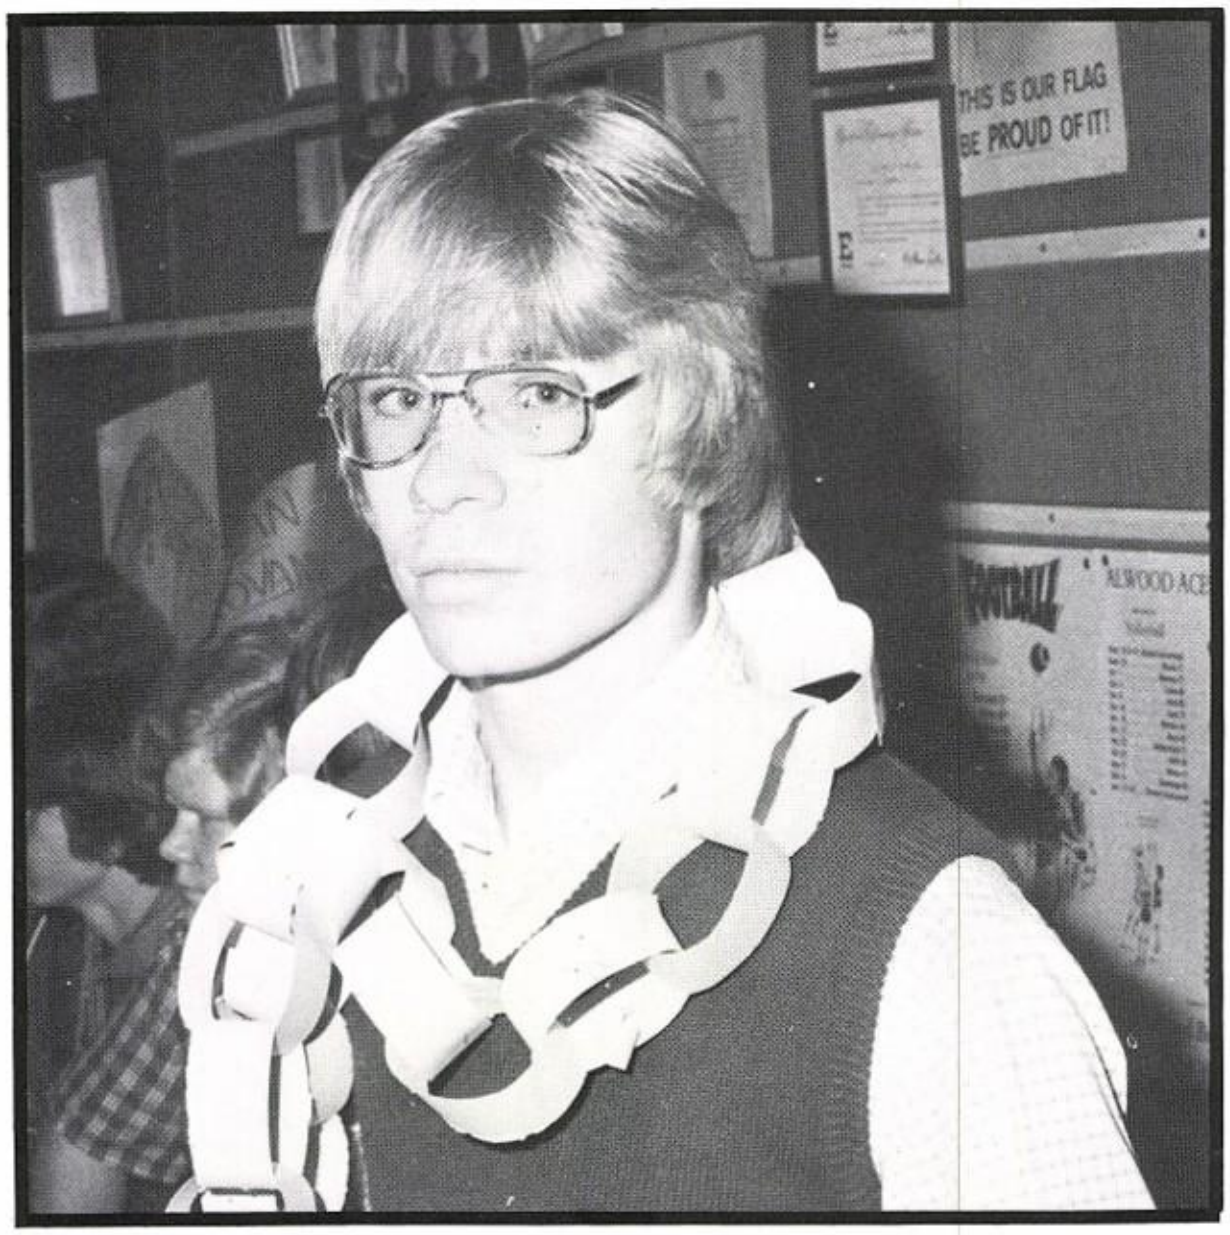












THIS IS OUR FLAG
BE PROUD OF IT!

The Spanish Club has become an active group at AlWood High. They have a fall and spring banquet where they cook and serve Spanish dishes. "A True Friend Is Forever"

The halls at AlWood are filled with many different faces. And almost everyone has a friend. A friend to share the good times and who will understand the bad. Friends are the memories that kindle the heart and so this page we dedicate to **"friendship".**

Friends are wonderful to have,
to share your good times and your bad.
A friend will always listen to what you say,
no matter its importance or it takes all day.
Friends are there when you need them most,
if you're in trouble or just to boast.
And when you're feeling down,
a friend will help you around.
So when you're happy or lonesome,
or need a broken heart to mend,
somehow, somewhere, you'll find a friend.

Life, so they say,

whisper in our ears and all the years
will come and go
and take us up, always up.
We may never pass this way again.

Dreams, so they say,
are for the fools and they let them drift away.
Peace, like the silent dove,
should be flying, but it's only just begun
Like Columbus in the olden days,
we must gather all our courage,
sail our ships out on the open sea,
cast away our fears and all the years
will come and go
and take us up, always up.
We may never pass this way again.

Memories are made of things
That happen every day
Moments as we live them
Things we do or say

Little bits and pieces
Of laughter mixed with tears
Paragraphs and pages
Written through the years

The friendships we remember
Mistakes that we regret
The ending of a love
We never could forget

We can't erase the sadness
Or edit out the tears
We can't undo the wrongs
We can't relive the years

But since memories keep building
Each day can be the start
Of making new and happy ones
To store within the heart.

We hope this book holds memories that will keep.-Jayne & Tammie.
